Dear DX-er:

We at Radio Victoria wish to welcome you to our listening audience. We would like to acknowledge your reception report of Jan 30, 1963 as being an accurate report of our station at that time and date.

Radio Victoria is one of 27 missionary radio stations proclaiming the Gospel of our Lord Jesus Christ throughout the world. This station is sponsored by The Evangelical Alliance Mission of Chicago, Ill., U.S.A.. We broadcast from 9:00 A.M. to 11:00 P.M. (Local time), in four languages--English, Spanish, Dutch and Papiamento which is the local language. This station went on the air in 1958 with a 5Kw Gates transmitter, on 920Kc's; then we have converted our transmitter to 10Kw's and moved to 905Kc's. This shift of frequency was due to local interference. Also it was our desire to find a clearer frequency. We use (2) 3X2500's in parallel driven by (2) push pull 3X2500's. Our line current is 14.1 amps into a 50 ohm coaxial line. We deliver 11.0 amps into a 300X foot marchonie antenna.

DX-ing is a new venture for us here on Aruba. This fall, on the first of each month, at 12 midnight (local time) E.S.T. plus half-hour we will be carrying on a special DX-ing program. We hope that we might receive a report from your area. In the past six months we have heard from countries such as England, Sweden, Norway, Denmark and the United States. In the States we have been heard in New York, New Jersey, Maryland, Texas, Vermont, Illinois, Connecticut, Massachusetts and Pennsylvania. Since we are starting to DX we hope to hear from many more countries.

Enclosed is some literature about our station and some other literature that might help you in your life. Thank you for your letter and we hope to be hearing from you again.

Yours serving Christ in Radio,

Chas. O. Jobes

Charles Jobes - Chief Engineer PJA-6

A Ministry of: THE EVANGELICAL ALLIANCE MISSION, 2845 W. McLEAN AVE., CHICAGO 47, ILLINOIS

Broadcasting in Dutch, Papiamento, Spanish, English.
